Annual Domestic Waste Management Service Charge (S496 Local Government Act 1993)

Penrith City Council's waste service offers a variety of options so that households can opt for the service that best suits their needs. Each option supports Council's efforts in waste avoidance and resource recovery through the collection and processing of dry recyclables and garden and food organics (that produces a compost product that can be used in our parks and playing fields).

The most commonly used Domestic Waste Services are:

The Standard Service

Annual charge \$384.00 – 240L green-lidded organics bin collected weekly, 240L yellow-lidded recycling bin collected fortnightly and 140L red-lidded residual garbage bin collected fortnightly. This service suits the majority of households.

The Reduced Organics Service

Annual charge \$350.00 – 140L green-lidded organics bin collected weekly, 240L yellow-lidded recycling bin collected fortnightly and 140L red-lidded residual garbage bin collected fortnightly. This suits households that compost some of their organic waste at home or have a very small yard.

The Non-Urban Residential Service and Multi Unit Service

Annual charge \$425.00 – 240L yellow-lidded recycling bin collected fortnightly and 240L red-lidded garbage bin collected weekly for non-urban rural residential and multi-unit dwellings presenting bins at kerbside for collection.

The Large Service

Annual charge \$456.00 – 240L green-lidded organics bin collected weekly, 240L yellow-lidded recycling bin collected fortnightly and 240L red-lidded residual bin collected fortnightly. This service is suitable for larger families or families with additional bulky waste such as nappies.

The Weekly 140L Red Service

Annual charge \$561.00 – 240L green-lidded organics bin collected weekly, 240L yellow-lidded recycling bin collected fortnightly and 140L red-lidded residual bin collected weekly. This service may be suitable for families with additional bulky waste such as nappies.
