Penrith City Council is committed to providing attractive and accessible public parks and play spaces for local families and visitors to enjoy

Penrith City Council play spaces are categorised as local, district and regional in the City's Sport and Recreation Strategy. The local play space at Banks Drive is now due to be upgraded.

At Banks Drive we are proposing to remove the outdated equipment and install new, inclusive play equipment and seating to better cater for both local residents and users of the park. The works will also include an accessible path connection with Banks Drive, a shade sail and new shade tree plantings.

\*Pending success with a current grant application, works may also include additional accessible elements such as a wheelchair accessible spinner, picnic shelter with wheelchair accessible table and wheelchair accessible drinking fountain.

1 Accessible path

2 Net climber with slide element

3 Toddler-specific elements, sensory & nature play

4 Multi-bay swing set with a variety of seat options

5 Seats with back & armrests and new shade trees

6 \*Accessible picnic table, shelter & drinking fountain

7 \*Wheelchair accessible spinner
