

THE CONCEPT PLAN

1. The existing play equipment and rubber safety surfacing is in good condition and will be retained. A new shade structure will be installed over the existing equipment - the structure will be sized to allow flexibility in the layout of any future playground equipment replacement or additions
2. A new picnic shelter will be installed, with accessible picnic setting under, along with new accessible seating with backs and armrests. Other desirable furniture items, pending funding, include a bin and an accessible drinking fountain
3. There will be a new 1.5m wide accessible path connection from the street to the picnic shelter and playground, with options to extend the footpath network throughout the reserve
4. There will be a 1.2m wide bike / scooter / wheeled toy circuit, again designed to allow flexibility in the layout of future play equipment
5. There will be new tree plantings for shade and amenity as per the Everyone Can Play guidelines.

CURRENT FUNDING - STAGE 1 WORKS

Provide new shade structures over existing equipment (note: equipment pictured is not at Banks Drive)

Seat with back & armrests

EVERYONE CAN PLAY - STAGE 2 WORKS

New 1.5m wide concrete pathways will be provided for access, circulation and play

Accessible drinking fountain

Picnic shelter / accessible picnic setting under

Bin

New trees will be planted as part of both stages of work for additional long-term shade, cooling, amenity and habitat
