Annual Domestic Waste Management Service Charge (\$496 Local Government Act 1993)

Penrith City Council's waste service offers a variety of options for ratepayers so that residents can opt for the service that best suits their household. Each option supports Council's efforts in waste avoidance and resource recovery through the collection and processing of dry recyclables and garden and food organics (that produces a high grade compost that can be used in our parks and playing fields).

The most commonly used Domestic Waste Services are:
